

POHSA cc t/a Medical and Audiometric Sales has more than 25 years of experience in the Occupational Health Industry from manufacturing of Mobile Clinics, Sales, Calibration, Repairs and Servicing of Occupational Health Medical Equipment. We realized the demand for an affordable, reliable and easy to use software to meet our clients' needs and **POHSA ASV Software** was developed.

POHSA ASV Software is the game changer that could revitalize the Occupational Health Industry. With more than 25 years of experience, saving our clients time and money when doing medicals has always been our priority and with **POHSA ASV Software** this has become a reality. **POHSA ASV Software** benefits Occupational Health Companies to ensure that patients are fit for duty when doing their Occupational Health Medical surveillance and comply to the South African Occupational Health & Safety Act.

POHSA ASV Software is an advanced software combining three different Occupational Health applications that is easy to use and reliable. The name explains it all!

ASV SOFTWARE

Audio Spiro Vision

BENEFITS:

- **POHSA ASV Software** is a 4 in 1 Software which enables you to do different tests - Audiometry, Spirometry, Vision Screening and Administration with an easy-to-use patient data upload for multiple patients or single patient entry
- Receiving data in real time to enable you to complete a full medical questionnaire and obtain automated Certificate of Fitness, Annexure 3 or Working at heights medicals
- Referrals letters can be generated automatically for individual patients
- The software enables you to create and design your own questionnaires to suite your clients' needs and environments. Your Company Logos can be added with a click of a button
- Creating your own paperless environment, saving cost in the digital environment we are encountering with technology advancing tremendously
- With the digital pen, a watermark dated will help you - Anti-fraud verifications
- Easy back up to keep data safe for 40 years
- Data printed in PDF – Easy storage of test in pdf format
- Each operator has own login to software
- Customized Vision screening tests

BENEFITS (continued):

- Affordable Occupational Health Software which enables any Occupational Health Clinic to be efficient and capable of having professional Occupational Health Documents with a click of a button
- Spreadsheet data upload – No more typing of patients’ information with bulk uploads before testing, saving time and capturing errors
- Easy to add your own Company Branding for Medical Certificates and all other documents - No cost implications when your Company name, logo or address changes
- Digital pen – Paperless environment, documents signed off can be stored and Occupational Health Doctor can sign off anywhere with a Digital Pen
- Affordable pens available
- ID, Driver’s License and Passport uploaded into Software
- Team Viewer assistance on weekdays from 8h00-17h00, aiding our clients to ensure continuous work flow

SOFTWARE Introduction:
